Dear Customer

With Christmas fast approaching we're delighted to present our latest bumper catalogue, **Edition 123**. The eagle eyed amongst you will notice that once again we have filled 44 pages – **that's 12 extra pages worth of pipes, tobaccos, accessories, cigars and high quality electronic smoking products**. We sincerely hope you enjoy the additions...

The fun starts right from the outset with one of our newest Magic Inch ranges featured on the front cover. We really pushed the boat out this year to freshen up our ranges and we're delighted with the reaction so far. The **Treviso** is one of the most handsome pipes we've ever produced, with its broad, flame like Lucite band and stunning graining thanks to the superior quality Italian briar used in all our pipes. But it doesn't stop there, with the new **Pisa** featured further on and perhaps most excitingly **a never before seen range, the Onda**, with their scalloped bowls and large olives. The front section of the catalogue is a real celebration of our other Carey ranges, both Magic Inch and 9mm, and a showcase of what we do.

Tobacco is central to our offering, particularly our **Tobacco Club**, so we've included an overview of what it's about for those customers who don't yet make the most of this fantastic, money saving service, alongside a display of all the tobaccos we offer.

Elsewhere in the catalogue we've increased our **Guest Brand ranges** with a couple of styles apiece from **Chacom** and **Rattray's**, a real standout brand. With **Vauen**, **Savinelli** and **Peterson** also featured, along with our traditional Special Pipes section and some lower priced options such as **Old Dominion Cobs** and **Falcon**, there really is a huge range on offer.

Along with our **Christmas Giftware** we've also rolled out our **Premium Cigars**, and acknowledged the continued growth of the electronic smoking market with a dedicated page including a **new e-pipe** and new, high quality e-liquids...

And finally, a brief reminder that we'll be open for business throughout the Christmas period but will be operating with reduced capacity on some days. **Please ensure that orders required for Xmas delivery are placed before 1pm 18th December**. There will be no change to our Tobacco Club schedule but please remember that **due to public holidays delivery may take longer than normal**.

We hope you have a great festive season!

E.A. Carey

"Having received regular tobacco supplies from the Tobacco Club for some time now, I can confidently state that I have thoroughly enjoyed the blends on offer...The pouch aroma is one thing, great smells coming out every time I pop one open. The taste is another, with wonderful flavours and excellent smoking experiences. Perfect in cut and moistness, with a lovely feel to them in the hand. Please continue your great work on behalf of pipe smokers. It is appreciated." – SH (10/02/2015)

The Tobacco Club is a very simple concept – we believe that most pipe smokers know what they like to smoke and how much tobacco they tend to use. Tobacco Club ensures that they always have the blends they like whenever desired, whilst **saving money** at the same time.

The benefit for us is that we are able to predict how much tobacco we will sell at any particular time, and thereby order more efficiently from our suppliers – the largest and most respected in the world. And this allows us to offer the following **member benefits**:

- **Discounted pricing** on Tobacco Club tobaccos for the life of your Membership
- Introductory '6 pouches for the price of 5' **Special Offer** and **FREE Day Pouch** worth £17.95 delivered with your 4th regular shipment
- Deliveries direct to your door, in an **amount and frequency defined by you** to suit your requirements
- Ability to **add further, commonly used products** to your regular tobacco shipment such as filters, pipe cleaners, Carey Boutique Tobaccos, smokeless products and even certain hand made cigars
- **Flexible** – make changes if your habits change – and **FREE**
- **Guaranteed freshness and quality**
- **10% discount** on all other, non-tobacco purchases from Carey's Pipe & Tobacco Shop
- **FREE** standard p&p on all additional website and catalogue orders over £100 in value

So if you're new to Carey's Private Blend Tobaccos, why not try our **Sampler Packs** to give you a taste of what's on offer? Spend some time savouring the different blends and once you've decided which is your favourite and how much you expect to use, drop us an email at mrcarey@eacarey.co.uk or call 0330 900 7473, to request your Membership Pack or set up your first delivery. Then sit back and enjoy the benefits of being a member of **Carey's Tobacco Club!**

Aromatic Blends

No. 2002 Cavendish Mixture 1 3 3

An extremely mild aromatic blend, easy to smoke and keep it due to its finer cut. The natural sweetness of the bright, golden, Virginia tobaccos blend with the mildness and aroma of the double fermented Black Cavendish for a truly satisfying smoke, laden with honey flavours.

No. 2004 Soft Aromatic Mixture 3 3 3

Produced from selected thin leaves of bright Virginia tobacco for extra mildness, and blended with specially cured Black Cavendish to give it a most unusual aromatic flavour and aroma. The addition of dark chocolate and creamy caramel undertones give this light and mild mixture a fully rounded flavour you will find to be the perfect choice every time.

No. 2006 Black Aromatic 2 3 2

Dark and rich and immensely satisfying. Advanced techniques of ageing in its own flavour-laden natural juices gives this Black Cavendish blend of tobacco its deep, dark colour and uniquely aromatic smoking pleasure. Plum and prune flavours to the fore.

No. 2009 Soft Black Aromatic 1 3 3

We have blended the natural sweetness of quality, fine cured full Virginia tobacco with some mellow Burleys to create a ready rubbed Cavendish style, straight cut tobacco full of honey and maple flavours.

No. 2027 Wild Cherry 2 3 3

A modern aromatic blend of Black Cavendish with bright Virginia tobaccos grown in Brazil, Africa, and Thailand in addition to mellow Burley grades from the USA. A light cherry aroma completes this cool, satisfying and fragrant tobacco.

No. 2029 Peach Brandy 2 4 3

A sumptuous blend of selected Virginia and Burley tobaccos with dark fired Kentucky in various cuts. A cool-burning and pleasantly mild smoke with a full fruit peach flavour and aroma.

No. 2031 Spritzer 2 4 3

An original concept in pipe smoking – combining the best in tobacco with the best in wine. Broad cut, fine cured Virginia blended with spicy Black Cavendish and a touch of mild Burley. This blend burns very evenly leaving a full, dry flavour of champagne and fruit.

No. 2033 Carey's Bruno Special 3 2 1

Carey's specially blended St Bruno equivalent. A Cavendish tobacco flavoured with sugar and maple and a touch of fruit, toasted and pressed to give a darker colour and rounded, heavy-sweet mild taste.

No. 2034 Highland Fling 3 3 3

The foundations of this blend are derived from a heady mix of mature Golden Virginia combined with the best Burley available, whilst Black Cavendish ensures sweetness and aroma in the taste. The blend is topped off using spicy flavours and a wee dram of Highland Whisky.

Traditional Blends

No. 2008 Old English Ready Rubbed 4 2 2

Relax and enjoy this classic natural tobacco, cool, rich and full of fruity character. A special process carefully teases apart the flakes of dark, ripe Virginia tobaccos to produce a blend that lights readily and smokes easily.

No. 2023 Dark Flake No. 7 4 3 3

This blend is a heat treated Virginia and Burley flake, matured in the press for 8 weeks to allow the natural prune and chocolate notes to come through. Full bodied with superb flavour and cool smoking qualities.

No. 2024 Ready Rubbed No. 7 4 3 3

A fully teased and rubbed version of the Dark Flake No. 7, retaining all the same delicate chocolate and prune character but in what is for many people a more familiar style of tobacco.

No. 2025 Old Belt Virginia Blend 3 3 2

A light but full flavoured blend of predominantly US-grown Old Belt Virginia grades. A small amount of Oriental tobaccos with a light touch of Latakia, blended with Black Cavendish for a smooth and mild taste.

No. 2026 Broad Cut English Mixture 3 2 2

A more traditional, ready rubbed blend with all natural tobacco flavours, this mixture of well matured Virginia and toasted Burley tobaccos creates sweet undertones of vanilla, chocolate and blossom fruit. The blend is pressed into cakes and rubbed up to enhance the natural aroma.

No. 2032 Carey's Balkan Special 2 3 3

Specially formulated Balkan Sabranie replica, this is an opulent and intricate blend of Latakia, Red Virginias and Orientals with a touch of air cured leaf, giving a smokey, spicy Latakia flavour.

No. 2042 Castle Blend 4 2 3

A traditional Lakeland tobacco and a replica of 56's popular Squadron Leader – blended dark and bright Virginias, together with Latakia and Turkish leaf resulting in a perfect medium bodied mixture giving you a rich, slow-burning smoke.

Samplers

No. 2200 Carey's Traditional Blend Sampler £83.30

To help you decide for yourself which tobacco mixture you prefer, I have produced a 7 pack sampler, each pouch containing 50g (1 1/2oz) of the 7 Traditional blends.

Designed and patented by EA Carey in 1948 the 'Magic Inch' system ensures a cool, dry smoke without detracting from the fulsome flavour of our choice tobaccos.

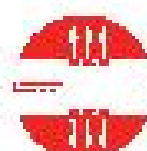

**The Secret
of the
'Magic Inch'**

Cooling
Fresh air enters through vents and mixes with smoke from bowl, cooling and condensing it

Condensing
Excess moisture is "squeezed" from smoke and absorbed by the 'Papyrate' sleeve

Evaporation
Moisture evaporates into outside air. You get a cool, fresh, dry smoke.

Papyrate sleeves for the Carey Magic Inch system
No. 1019 £1.00 per box of 12

Ever wondered what the facts & figures mean? Here we use pipe No. 621 to explain.

Please note that all pipes are individually made and variations may occur.

10 Minute Lightweight / Milano Regular

MAGIC INCH

These very popular "short smoke" ten-minute pipes are light in weight – averaging less than 30 grams. Available in two shapes with either rustic or polished finish.

Carey's
PIPE & TOBACCO SHOP

E-products are here to stay so we have selected a range best suited to pipe smokers, from loose leaf tobacco vaporizers to traditional style e-pipes and newer designs for the more adventurous perhaps, in addition to a broad range of quality liquids.

Enjoy your tobacco smoke free

We have sourced these 2 electronic tobacco vaporizers to offer our customers a combustion-free method for enjoying the Carey Blends they prefer in a new and exciting way. The vaporizer heats the tobacco rather than burning it, releasing the flavour and enjoyment without any smoke being produced.
